colorswap ⤬

search & replace colors

Installation

Place ColorSwap.jsxbin in this folder and restart After Effects.

macOS:
/Applications/Adobe After Effects (version)/Scripts/ScriptUI Panels

Windows:
C:\Program Files\Adobe\Adobe After Effects (version)\Support Files\Scripts\ScriptUI Panels

Tips

- By default ColorSwap searches the current comp.
- Select a few layers to limit your search scope to your selection.
- Select multiple compositions in the project panel to expand your scope.
- Hold down SHIFT to search the entire project.

- Hoover over the buttons for handy tooltips.
- Click the gear icon to switch to mini UI or enter your license key.
